Subjects

Airway management

Airway management [St. John] Apr:93

Continuous airway pressure monitoring [Burns] Dec:70

Airway pressure
Continuous airway pressure monitoring [Burns] Dec:70

Amniotic fluid
Amniotic fluid embolism: an obstetric emergency [Perozzi] Aug:54

Brain death
Determining brain death in adults: a guideline for use in critical care [Henneman] Oct:50

Cardiac output
Measuring cardiac output: intermittent bolus thermodilution method [Gawlinski] Oct:74

Cardiac pacing, artificial
Mastering temporary invasive cardiac pacing [Overbay] June:25

Cardiovascular risk factors
Wanna grow old??? Then lose the attitude... [Alspach] Feb:8

Hugs and healthy hearts [Alspach] June:8

Cerebral edema
Intracranial hypertension: monitoring and nursing assessment [Arbour] Oct:19

Cerebral vasospasm
Vasospasm after aneurysmal subarachnoid hemorrhage [Oyama] Oct:58

Certification
One hospital's experience with a CCRN drive: a successful approach [Shirey] Feb:46

Clinical research
Protecting patients during clinical research [Byers] Feb:53

Communication ability
Communicating health information: an epidemic of the incomprehensible [Alspach] Aug:8

Critical care nursing
Disaster nursing: new frontiers for critical care [Cox] June:16

Genomics: what every critical care nurse needs to know about the genetic contribution to critical illness [Winkelman] June:34

Profiles in dignity: perspectives on nursing and critically ill older adults [Jacelon] Aug:30

Culturally competent nursing care: a challenge for the 21st century [Flowers] Aug:48

Determining brain death in adults: a guideline for use in critical care [Henneman] Oct:50

Cultural competence
Culturally competent nursing care: a challenge for the 21st century [Flowers] Aug:48

Delirium
Delirium doulas: an innovative approach to enhance care for critically ill older adults [Balas] Aug:36

Dementia
Improving the odds for avoiding dementia in advanced age [Alspach] Oct:8

Disasters
Disaster nursing: new frontiers for critical care [Cox] June:16

Education, nursing
The e-learning answer [Berke] Apr:80

Esophageal diseases
Care of patients after esophagectomy [Mackenzie] Feb:16

Extubation
Postanesthetic care in the critical care unit [Barone] Feb:38

Extubation, traumatic
Unplanned extubation in adult critical care quality improvement and education payoff [Richmond] Feb:32

Fibrinolysis
Sepsis and the role of activated protein C [Tazbir] Dec:40

Genetics nursing
Genomics: what every critical care nurse needs to know about the genetic contribution to critical illness [Winkelman] June:34

Heart failure
Evidence-based practice for acute decompensated heart failure [Albert] Dec:14

Hypertension, pulmonary
Advances in prostacyclin therapy for pulmonary arterial hypertension [Eells] Apr:42

Hypoplastic left heart syndrome
Management of infants with hypoplastic left heart syndrome: integrating research into nursing practice [Soetenga] Dec:46

Intensive care units
Systemic lupus erythematosus in the intensive care unit [Lash] Apr:56

Intracranial pressure
Intracranial hypertension: monitoring and nursing assessment [Arbour] Oct:19

Journal clubs
Cultivating a research milieu journal clubs in the pediatric intensive care unit [Pasek] Dec:96

Leadership
Leadership competencies: knowledge, skills, and aptitudes nurses need to lead organizations effectively [Contino] June:52

Literacy
Communicating health information: an epidemic of the incomprehensible [Alspach] Aug:8

Lupus erythematosus, systemic
Systemic lupus erythematosus in the intensive care unit [Lash] Apr:56

Management styles
Leadership competencies: knowledge, skills, and aptitudes nurses need to lead organizations effectively [Contino] June:52

Mentorship
A mentor gap in nursing? [McKinley] Apr:8

Mobility, impaired
Mobility protocol: nursing standard of care [Tracy] Aug:88

Monitoring, physiologic
SvO_2 monitoring [Jesurum] Aug:73

Multidisciplinary health team
Developing and interdisciplinary model of care in a progressive medical care unit [Quintero] Aug:65

Myocardial infarction
Case studies of ST-segment elevation before and after percutaneous coronary intervention in patients with acute myocardial infarction [McAvoy] Dec:32

Nursing shortage
If you offer it, they will come: Long Island Health System faces nursing shortage head on [Petterson] Feb:80

Obesity
Critical care of patients with obesity [Charlebois] Aug:19

Old adult care
Profiles in dignity: perspectives on nursing and critically ill older adults [Jacelon] Aug:30

Delirium doulas: an innovative approach to enhance care for critically ill older adults [Balas] Aug:36

Oncologic care
Care of patients after esophagectomy [Mackenzie] Feb:16

Online systems
Online learning: a means to enhance professional development [Benson] Feb:60

The e-learning answer [Berke] Apr:80

Pacemaker, artificial
Mastering temporary invasive cardiac pacing [Overbay] June:25

Patient assessment
Consensus conference on sedation assessment: a collaborative venture by Abbott Laboratories, American Association of Critical-Care Nurses, and Saint Thomas Health System [Abbott/AACN/Saint Thomas Health System Sedation Expert Panel Members] Apr:33

Patient rights protection
Protecting patients during clinical research [Byers] Feb:53

Pediatric nursing
Management of infants with hypoplastic left heart syndrome: integrating research into nursing practice [Soetenga] Dec:46

Pediatric units
Cultivating a research milieu journal clubs in the pediatric intensive care unit [Pasek] Dec:96

Pelvic fractures
Major pelvic fractures [Frakes] Apr:18

Pneumothorax
Association of tension pneumothorax with use of small-bore chest tubes in patients receiving mechanical ventilation [Behnia] Feb:64

Post anesthesia care
Postanesthetic care in the critical care unit [Barone] Feb:38

Preceptorship
Preceptor de jour? Solving the problem of juggling preceptors [Wolfe] Oct:96

Pregnancy
Thyroid storm during pregnancy: a medical emergency [Waltman] Apr:74

Amniotic fluid embolism: an obstetric emergency [Perozzi] Aug:54

Professional development
Online learning: a means to enhance professional development [Benson] Feb:60

Career progression model recognizes professional development [Petterson] Apr:120

Professional practice, evidence-based
Evidence-based practice for acute decompensated heart failure [Albert] Dec:14

Professional role
One hospital's experience with a CCRN drive: a successful approach [Shirey] Feb:46

Progressive patient care
Inclusive leadership: the best way to support progressive care nurses [Fitzpatrick] Apr:91

Developing and interdisciplinary model of care in a progressive medical care unit [Quintero] Aug:65

Publishing
The No. 1 secret to getting published [Alspach] Dec:8

Pulmonary wedge pressure
Monitoring pulmonary artery pressure [Keckeisen] June:67

Saline solution, hypertonic
Pass the salt: indications for and implications of using hypertonic saline [Johnson] Oct:36

Sedation
Consensus conference on sedation assessment: a collaborative venture by Abbott Laboratories, American Association of Critical-Care Nurses, and Saint Thomas Health System [Abbott/AACN/Saint Thomas Health System Sedation Expert Panel Members] Apr:33

Sepsis
Sepsis and the role of activated protein C [Tazbir] Dec:40

Shock
Pass the salt: indications for and implications of using hypertonic saline [Johnson] Oct:36

Simulations
Simulation as a teaching strategy for nursing education and orientation in cardiac surgery [Rauen] June:46

ST segment
Case studies of ST-segment elevation before and after percutaneous coronary intervention in patients with acute myocardial infarction [McAvoy] Dec:32

Subarachnoid hemorrhage
Vasospasm after aneurysmal subarachnoid hemorrhage [Oyama] Oct:58

Teaching methods
Simulation as a teaching strategy for nursing education and orientation in cardiac surgery [Rauen] June:46

Breaking tradition: a night shift educator [McCarthy] June:80

Team building
Inclusive leadership: the best way to support progressive care nurses [Fitzpatrick] Apr:91

Thermodilution
Measuring cardiac output: intermittent bolus thermodilution method [Gawlinski] Oct:74

Thyroid crisis
Thyroid storm during pregnancy: a medical emergency [Waltman] Apr:74

Transfer, intrahospital
Using wireless technologies to improve information flow for interhospital transfers of critical care patients [McGrow] Apr:66

Ventilation, mechanical
Association of tension pneumothorax with use of small-bore chest tubes in patients receiving mechanical ventilation [Behnia] Feb:64

Weaning from short-term mechanical ventilation [Hanneman] Feb:70

Critical care of patients with obesity [Charlebois] Aug:19

Wireless communications
Using wireless technologies to improve information flow for interhospital transfers of critical care patients [McGrow] Apr:66
